Giving Shape to Ideas

MAKING A CASE FOR HIGHER SECURITY AND BEST PRACTICES FOR LAW FIRMS.

Of all the legal resources, protecting your client's valuable information is paramount. Law firms have strict legal and ethical duties to ensure client data is secure and compliant with guidelines from the American Bar Association and other international entities.

That's why Konica Minolta offers lock-down protection with bizhub® SECURE Platinum for Legal — a set of enhanced password and data security measures to give your bizhub MFP an extra level of security. With additional safeguards provided by your Konica Minolta field engineers, ensure your legal data is not just secure—it's bizhub SECURE.

bizhub SECURE PLATINUM FOR LEGAL

Security and confidentiality of client information for total peace of mind. Security features in compliance with HIPAA, Sarbanes-Oxley, Patriot Act, PCI, Federal Rules of Civil Procedure and GDPR are available for Konica Minolta MFPs to identify users and restrict access with secure authentication in any form.

Advanced Solutions

At Konica Minolta, we understand your concerns about sensitive data and how it interacts with endpoint devices to stay protected from malware, bad actors (internal and external) and unauthorized device access.

That is why we developed the bizhub SECURE Platinum for Legal – to ensure you have the resources needed to lock down and protect any document data stored on the bizhub’s internal storage media.

Konica Minolta bizhub devices are world-renowned for delivering advanced protection services to ensure customer data is optimally secured. Your bizhub MFP includes, as standard, all the security features required by legal departments:

- Award-winning security service locks down, hardens and protects devices before being connected to the network
- Change the device administrator password
- Hard Drive / Solid State Drive (SSD) encryption
- Hard Drive / SSD password protection
- Auto document deletion (SSD/HDD Models Only)
- Temporary data overwrite (Hard Drive Models Only)
- Optional industry-leading anti-malware engine
- Meet industry requirements for HIPAA, Sarbanes Oxley, PCI audits, and more.

To order your bizhub SECURE Platinum for Legal, simply contact your bizhub representative. Count on Konica Minolta to provide the MFP security services that your legal environment demands.

Konica Minolta’s bizhub SECURE Platinum for Legal provides the following set of features:

Advanced network and storage media security functionality to meet the needs of law firms. bizhub SECURE Platinum for Legal adds an enhanced layer of security to network ports and protocols - to further safeguard your clients’ data.
